IN-EAR HEADSET INSTRUCTION MANUAL

Contents

- In-ear Headset
- Remote Control
- Earbuds (2 pairs)

NOTE: The Remote Control is not compatible with the PSP-1000 series.

Precautions

- Before using this product, carefully read this manual and retain it for future reference. Also refer to the instructions for your PSP™ (PlayStation®Portable) system.
- This product is exclusively for use with the PSP™ system. Do not attempt to use it with any other device.
- The headset must be connected to the PSP™ system via the Remote Control.

Safety

- Do not use while driving a car, riding a bicycle or engaging in other activities that require paying attention with your eyes or ears. Doing so may result in accidents or injury.
- This product is exclusively for use with voice communication applications for the PSP™ system.

Use

- Stop using this product immediately if it causes discomfort or pain.
- Do not expose the product to high temperatures, high humidity or direct sunlight.
- Do not allow the product to come into contact with liquids.
- Keep this product out of the reach of small children.
- Do not put heavy objects on the product.
- Do not throw or drop this product, or physically damage it in any way.
- Do not touch or insert foreign objects into the connectors of this product.
- Do not attempt to disassemble or modify this product.

- When using this product, it is recommended that you limit volume to help avoid harm to your ears and danger resulting from being unable to hear what is going on around you.
- Do not place any rubber or vinyl materials on the product exterior for an extended period of time.
- The earbuds may deteriorate due to long term storage or use.
- Use a soft, dry cloth to clean the product. Do not use solvents or other chemicals. Do not wipe with a chemically-treated cleaning cloth. To clean earbuds, first remove them from the headset and then wash them with a mild detergent solution.
- When attaching earbuds, press them firmly on to the earpieces to ensure that they are securely attached. If an earbud accidentally detaches and remains in your ear it may cause injury.

Usage instructions

1. Attach the headset to the Remote Control and then connect the Remote Control to the PSP™ system.
2. Attach the clip to clothing so that the microphone is close to your mouth.
3. Determine which is the left and right earpiece – the earpiece marked L is for your left ear and the one marked R is for your right ear.
4. The earpiece marked R has a longer cord; loop this cord behind your head and insert the earpiece into your right ear.
5. Insert the other earpiece into your left ear.

Note

When the In-ear Headset with Remote Control is connected to a PSP-3000 series system, the headset's microphone automatically overrides the PSP™ system's microphone. The PSP™ system's microphone will not function until the headset is disconnected. With the headset connected, use the headset's microphone for voice chat rather than the built-in microphone on the PSP-3000 series system.

Specifications

Cord:	1m
Plug:	Mini-plug (gold coated)
Weight:	Approx. 17g (not including cord)
Operating environment temperature:	5°C-35°C

Design and specifications are subject to change without notice.

Limited Warranty

Where a 1-year warranty is supplied with your PSP™ system, such warranty also applies to this product. For details, please see your PSP™ manual or call the PSP™ Customer Service number, which can be found within every PSP™ format software manual.

Please refer to your PSP™ manual for further information.
